Description

Pace America Trailers was founded in February of 2010 with one simple goal - to build the best trailer company in North America by building real partnerships with dealers and creating products that have value, feature and service. "At Pace American Trailers, we are focused on being the best, rather than being the biggest, trailer company in the industry. We stay focused on our customers, react quickly to industry changes, and produce custom-made, value driven, affordably-priced trailers" according to the President.

No matter what the customer's need, Pace American Trailers has a solution available.
